

# MEET MIRIAM VÁZQUEZ ABRADELO!

*Written by Nina Anderson*

Have you ever wondered who takes care of the pools and clubhouse areas at Bell Tower Park (BTP)? It's none other than Miriam Vázquez Abradelo! Miriam is a cleaning technician employed by Green & Clean, the company that services Bell Tower Park. From restrooms to boardrooms, Miriam keeps our property and image looking spotless. Employed by Green & Clean for six years, Miriam has been on-site at BTP the entire time. Before working for Green & Clean, Miriam worked in a local hotel and has been in the cleaning industry for approximately 8 and ½ years. Over that time, she has learned many techniques to keep spaces clean and tidy, always making sure to take care of every detail.

Miriam came to the United States from Cuba almost nine years ago. She grew up with three brothers in a wonderfully close family. Miriam studied accounting in Cuba and practiced the profession until she moved to Florida. She is most proud of her daughter, who became a nurse in the United States, and she is the favorite Aunt to her two nephews. Miriam is currently in a stable and fantastic relationship.

A lover of animals, Miriam came to the United States with her dog, Negrito. Sadly, a few months after their move, he passed away from kidney failure. Although she currently doesn't have any pets, Miriam loves to see the residents of Bell Tower walking the grounds with their pets each morning.

Miriam enjoys exercising, traveling, and reading. And, just like many of us, she finds time to watch all the great series and movies on Netflix. She likes to try foods from various cultures, but her favorite is Cuban. She enjoys romantic music from the 1970s and '80s, but she also likes Salsa music and Bachata, a Latin American genre that combines elements of European, African, and indigenous Taino music.

Miriam feels lucky to be part of the Green & Clean team at Bell Tower Park where she ensures that all community areas are always in excellent condition. She will always be grateful for the warm welcome she received at BTP when she first started working and looks forward to meeting new members of our community. We are lucky to have had her as a respected member of the BTP team for over half a decade, and we hope she remains here for many more years.
