

June 25th, 2025

Bell Tower Park Owners and Residents,

The Greenscapes Arborist crew is scheduled to be in the Community – **starting tomorrow --- June 26th** – to begin trimming our hardwood trees.

This project takes place every 3 or 4 years, trimming back the Shady Lady, Oak and other hardwoods on property. This does not include the palm trees which will be trimmed in October.

When they are on your street, please make sure that vehicles are in the garage or parked in a visitor lot to help keep areas clear for them to move equipment around, etc. and to avoid falling limbs/debris. The project will probably take a few weeks to complete.

Thanks for everyone's cooperation,

Best regards,

Ron Mc Ewan
Board President
Bell Tower Park Park
