Belated Blurb on the Bently Block Party

Article and Pictures by John Fuller

Nearly 65 Bently Circle folks gathered for a late-afternoon potluck picnic about 10 days back on Saturday, March 21st. Beautiful weather and ample shade from three majestic shady lady trees made everyone quite comfortable. The scene was on the broad plain adjoining the northwest shore of Lake Number Three and across the street from the “Bently Highlands”. (If you are unfamiliar with the Bently Highlands, click [HERE](#) and go to page 23 of the May 2023 *Bell Tower Notes II* newsletter.) Planning and permission was coordinated in advance with the BTP office.

Some attendees tried their hand at a cornhole game and even a football got tossed around without bouncing into the pond or jamming anyone's finger. Thanks to organizers Marsha Wulpi, Linda McLaughlin, Carol Suydam, Marian Fuller and all those who brought food to share. Many new acquaintances were established, finally putting names with those familiar faces. Even a few dogs showed up!
